Overview

All Student employees and Hourly employees must enter their worked hours via MyCSUEB. This business process guide demonstrates how to do self service time entry and how to view the status of the reported time via MyCSUEB. You should enter your work hours each day you work. Your supervisor monitors and approves the reported time throughout the month. At the end of each month your time is electronically transmitted to the State Controller's Office for paycheck generation. You will need your NetID and Password to log in to MyCSUEB.
